Customer Reviews

WARNING! This book does not have full sheet music for any song! Very disappointing. From the product description I thought I would have that I would have the ENTIRE sheet music for each song. This is not the case. Every song consists of either the first verse or chorus ONLY!

This book is wonderful in it's easy to understand fingering chart and the simplicity of the song arrangements. Any little one with a love of music and/or Disney movies will have hours of fun!
