Grade Level: 7 and up

Customer Reviews

This book is terrific to use for promoting journal writing in children. What I like the most about this book is the informative way it teaches and jumpstarts writing. Children learn about history, literature, and unusual facts then they are given a prompt to write about. My book has been stolen from my room several times and I have had to replace it! The students have comments like "that book is cool". Well I'm hiding it this time!

This is a great book packed full of information. The suggested writing topics are generally very good to use as a daily exercise for journal writing. I'm NOT adding this one to the yard sale box.

You will enjoy this, provides starting topics for kids to start exploring in their writing. Thumbs up from

both wife and kids.

This is a great resource for journal writing ideas. We use it at the high school setting and our other book is worn out!
