Bach And Baroque Music (Masters Of Music)

Synopsis

A giant among composers and musicians of Europe's pre-Classical era, Johan Sebastian Bach (1685-1750) was master of the dominant musical style of his period--the Baroque. Here is a fascinating introduction to the great composer and some of the greatest music ever played.

Customer Reviews

In the main this young adults picture book with text is about the musical forms and instruments of the Baroque era. Well done are the explanations of cantatas, counterpoint, the Italian style music, French style music, oratorio and open-air music but these do not make a strong link to specific Bach masterpieces. And the book fails to give a strong account of J. S. Bach's personal life. His childhood, education, married life and personality are scarcely mentioned. The best part is a serious 2 page essay, at the end of the book, on some of Bach's masterpieces with the BWV number. The sister publication "Mozart and Classical Music", in the same format, has better explanations and a fuller biography.
