I am following this book to teach a guitar unit to my fifth grade general music class and they love it. I love it. It is so simple to use, makes sense in terms of content, and I appreciate being able to play with recordings. Good resource for any beginning guitar player.

I teach elementary guitar and this book worked very well with my class. The students loved the songs and being able to play "real" music right away. A great choice!

My daughter's guitar teacher uses this book for his group lessons for beginning guitar and we are very pleased with it.
