Grade Level: Preschool - 3

#### Customer Reviews

Love these pictures, my 6 year old loves to color in this book and I love it because it gets him off the computer without any complaints! It has a good number of coloring pages and the variety is different and fun. Great product overall! I only wish they had more.

My 5 year old son loves this coloring book! He has become a huge fan of Minecraft and was excited to look at each of the pictures included. They were all true to the Minecraft game and he enjoyed making up stories as he would go from page to page. I was especially glad to have it on our most recent 10 hour trip to visit family. My son pulled it out several times along with his colored pencils

and went to town. I would definitely recommend this coloring book to any Minecraft fans!!

This coloring book is GREAT especially for the Mindcraft children who loved it.Good coloring book.Fun and entertaining.Great gift item.Pictures were nice also. HIGHLY RECOMMEND

I have a grandson that loves minecraft, so when I saw this I had to get it for him. He colors in this while the adults color in their adult coloring books. The pictures are large so it isn't hard to color.

My 7 year old was highly impressed with this coloring book! It's well drawn and the scenes depicted are really fun for him!

Purchased this for a Mine Craft obsessed 6 year old. He was originally excited about it, but the pictures were not very good. It keeps him busy with coloring, but the quality of the pictures is lack-luster.

If your kids love minecraft like mine they will enjoy this. ages 4-8

I had to order more since the kids were fighting over the same pictures:) very happy!
