Customer Reviews

We ordered for her 2nd birthday and she absolutely loves it. I ordered a princess version too but it is too hard and honestly boring. THis one you find more of the characters but in the princess you find mundane objects.

This book is a bit easier than the traditional look and find books, but each page differs its difficulty. My son can easily do the first 3 pages, but the final ones are tough. However, we can still try to find the characters from the movie on each page. Definitely worth the price. We use it all the time.

My son got this for his 3rd bday. It was the first time I had ordered a used item on . It came as described, but I still was a little shocked over just how worn and used it was. That is okay though, didn't phase the kid, and he finds the creatures over and over.

Great look and find. It wasn't too complex, and it wasn't too boring for my 6 year old neice. She definitely enjoyed this book and I will be buying more for future holidays.
