Customer Reviews

This calendar has great photography and beautiful models. The pictures are very conservative and don't show much. The paper that is used has varied somewhat from year to year, but now they seem to have stuck with the nice glossy paper

I usually get Maxim Hometown Hotties Day at a Time calendar, but last year's was the same pictures repeated over and over. So I switched to this one. Different pictures, and great pics. Kate Upton is a nice upgrade as well ;)

I bought this as a gift for someone and since it comes wrapped in plastic and then inside a box, I did not get to examine it. The person receiving it was very happy with it. I can't say more than that about the item. I can say that the item arrived earlier than expected - very fast shipping, and a no hassle buy. Would not hesitate to deal with this vendor again.

This calendar came away from the glued part the first day I had to turn the page - poor quality this year. Not happy with this calendar. Delivery was good though so I like the part of the delivery but the quality of the calendar is very poor.

The pictures are beautiful, naturally. The glossy paper and layout are great looking. But when I got mine out of the box, the glue had broken down or something and almost all of December was hanging loose. A bit of glue and overnight pressure fixed it but I shouldn't have had to do that much,

IMO. Great product once it's fixed though.

SI has the most beautiful models. I have been getting their day at a time calendars for 10 years. Two critiques. 1) I would like to see more models in one calendar year. Their seem to be 8 - 10 primary models each year. Also why can't sat and sun separate. All day at a time do this. SI is much better than Maxim hometown hotties. I went back to SI after one year of hometown homelies

This was a gift for my son and I usually get him a wall calendar. Decided on this style because he doesn't use the wall calendar much any more as he notes his appointments and such in his phone now. He seemed to like the idea of a photo every day and that the pages could then be used as paper for notes, etc.

I've ordered this calendar for a gift, but received it with its plastic wrap torn. Very disappointing. I ordered this item as 'New', and if it has been classified as 'New' it should be new. Very unprofessional.
