Environmental Art 2016 Wall Calendar: Contemporary Art In The Natural World

Synopsis

The Environmental Art wall calendar is an exemplary collection of this modern art form. One of the most exciting art movements of our time, environmental art celebrates our connection to the natural world through beauty, science, metaphor, and ecological restoration. It encompasses a surprising landscape of approaches, from ephemeral art in nature sculptures designed to last only a few hours before returning to the earth, to community-based eco-art installations that clean up polluted watersheds and promote public understanding of local and global environmental issues. A year of cutting-edge Environmental Art on your wall. The perfect gift for anyone who loves Andy Goldsworthy, Martin Hill, Nils-Udo, land art, and the earth art movement. Showcases exceptional photographs of contemporary earth art installations. Each artwork is accompanied by the artist's mission statement and bio. Frameable artbook-quality printing. Features internationally recognized artists such as Jaakko Pernu, D.A.ST. Arteam, Stuart Frost, and Jean Paul Ganem. Printed on FSC Certified Mixed Source Paper with soy-based inks. Published by Amber Lotus, an independent carbon-negative US company that has planted more than half a million trees since 2008. This calendar features US and Canadian legal holidays, phases of the moon, and important observances of the world's major religions. The projects featured in the Environmental Art wall calendar represent some of the cutting-edge developments in this field.

Customer Reviews

Great calendar but the words on the side take up a lot of writing space for the days. I didn't even notice it when I purchased but when I received it I was a little let down by that. Otherwise very

uplifting and fun images each month.

This calendar is filled with exceptional, stunning photography. It is intended as a gift for our son who appreciates art and is a dedicated environmentalist. We are confident he will enjoy it in 2016.

Once again the Environmental Art Calendar continues to stun you every month with unfathomable art, sculptures, landscapes. January has an assembly of odd shaped stones arranged in cyclical awning, constructed solely of stones, without any glue or fixative to hold it together.

I do environmental work, and have this hanging in my office. My colleagues and I love it! Wonderful, thought provoking photos for every month of the year.

Super neat poster. It arrived in excellent condition, no tears or marks. Very unique art that you won't see every day to keep things interesting.

This calendar is so fun! I love art and here you see art in all forms of nature. Kind of amazing how these art pieces were put together.

beautiful images of installations we would never have had an opportunity to see otherwise. A good sturdy calendar.

Love these! Buy several every year for Christmas gifts and myself
