## Customer Reviews

Love that this is something that won't start to wear on the eyes halfway through a year of having it hanging in front of my face. Lovely, elegant, great plays of light and shadow. Very nice.

My wife wanted something to look at while in the bathroomShe absolutely loves these photos of treesThey make her bathroom experience magical and refreshing, I think they even help her get through the tough times!

I purchased this as a christmas gift for a friend for the coming year. I purchased the 2015 calendar last year for myself and was blown away by the photography! So beautiful! Still thinking of getting one for myself for 2016 because it is extraordinary!!

Nice size calendar, beautiful design, just what I need to write in the large daily blocks. Plus, I appreciate a calendar that shows the moon cycles and notes major holidays (like Mother's Day in the US, etc.) as this one does. Received this item in short order, perfectly packaged. Thanks!

We've had these "Nature of Trees" calendars three years in a row. The brown monochrome photographs are sophisticated as well as beautiful.

I buy this calendar every year. Mr. Kozal is one of the best black-and-white photographers around. I wish the photos were collected in a book.

Lovely photos, good enough that you won't tire of them in 30 days. Good quality paper. Good choice for those who rely on the product of dead trees to exhibit live trees.

This is such a tranquil calendar. Each month's photo is a stunning piece of photography that draws you in. With each flip of the page/month I wish I could be where that particular photo was taken!
