This 48-page book is divided into three episodes dealing with our hero, "Fox." In the first story Fox reluctantly accompanies his sister to the park, when he encounters the pretty white fox "Raisin." The next day, he practically bribes his sister to go with him so that he might meet Raisin again. In "Fox and the Girls," Fox goes to a fair with Rose, then Lola ("On Wednesday Fox and Lola went to the fair."), and finally Raisin, who discovers Fox's previous "dates" ("And on Saturday, Fox went to the fair...all alone."). In the final story, Fox and his sister win second prize in a dance contest ("They did the boogie. They did the stomp."), after Raisin turns him down--perhaps still upset about Fox's fair dates described in the previous story. While the first two stories have some clever humor, the final one is a bit flat. The pictures, while simple and cute (somewhat similar to Sandra Boynton's style), are chiefly limited to green and orange colors. A good book for Fox fans, but I can't imagine most children getting too excited over the stories. However, children may enjoy a "chapter book" geared

for the early reader (perhaps grades 1-2). The publisher (Dial) lists the reading level as 1.8; the book is one of several in its the "Easy-to-Read" collection.

Okay, I'm 45 and love this series. This is my favorite though. "Click goes the camera and out comes the picture," one of the best lines. I typically read it out loud first then my 7 year old niece reads it back. The pictures are fun and the font clear and large.

My son loves to read all of the Fox-series of books. He is in kindergarten and just past the first level of readers. This is just the right level for him, and he loves to hear about fox's latest goof up. I enjoy them too for their droll wit. For some reason (a combination of being the right level and their funniness...we can't wait to hear what happens next), he reads these books extremely smoothly.

My daughter is a new reader and she loves this book and the other fox books. I wish the manufacturer would have wrapped my books in plastic because my package was left in the rain and two of my books were damaged :(

I'm a teacher and it's tough to find low level books that have a good story, characters with distinct personalities, inferential pictures and droll humor. I love the entire Fox series as they are great for teaching and the kids really like them.
