Customer Reviews

I bought these for a 12 year old boy who is Dyslexic. He had been in Special ED at school for 5 years but he continued to have trouble reading so he did not enjoy reading. Once I started buying the Pokemon books he started reading more. These are simple to read and easy for him to read. After he reads a book I have him write a 2 or 3 sentence book report for each book. He must complete the book reports for every book in the collection before I order him the next collection. It took him a couple of months to complete the reading and book reports for the first 2 collections I bought. Now he has the books read and the book reports written within a couple of week. He told me the other day he is enjoying reading. Thank you Hidenori Kusaka for writing these books.

My 15-year-old Pokemon fanatic started reading these books and now his 13, 11, 10, and 9 year old

brothers have picked them up as well. They're hardly literary works of art but these days, anything that gets them reading works for me.

Got this for my son...he loves them. They are not big and are done in the Japanese style rather than English but that is what he wanted. Quick reads in the Manga style.

I love Pokemon, love reading these books, and love 's great price.

My son loves these books and read them all in two days.

excellent. would buy from this seller again

My son loves the books, great set

Gift for Grandson and he loved it
