## Customer Reviews

What better way is there to express gratitude based in five stars? The calendar is a gem, because you can relate to the Scriptures in the Holy Bible much better when you understand the Seasons. Also, there is lots of room to write personal agendas in it. I wouldn't be without it.

Well-organized, lists the holidays and important dates in the boxes without taking up much room. Just the right size to carry around, big enough without being too big. Don't know how I ever got along without it!!

I buy this every year. It has Jewish and secular notable days written in. I like that each day has plenty of space for scribbling so there is room for multiple schedulings.

Calendar has large clear printing. Has 15 months so it coincides with secular calendar as well for convenience. It includes many non-Jewish holidays as well as all Jewish dates. Big spaces for notations. It has the Torah reading for the week listed. It takes up little room. It was everything it promised to be. Very pleased.

Was able to get this from J Levine LONG before I was able to find it elsewhere - which meant that I was able to have it in time for my congregation's high holiday planning meetings. Thank you!

As a board member of a Jewish organization this is perfect for planning. It has big "date" pages and all the holidays, major and minor. It is my constant companion.
