Customer Reviews

Our daughter loves this book. It has a great story that flows like a Mickey mouse clubhouse episode would run. It also has stickers inside which is fun but you do have to supervise if your little one is likely to put it on pages with words vs the pages they give you meant for the stickers. That said she does seem to like it a lot

My 20 month old loves this book! It comes with stickers and a page to place the stickers as well as a few activities on the back pages. The flaps are a little flimsy so we have to be careful about our toddler ripping them out. The story is great and we loved the price.

My 3 year old picked this book tonight for her bedtime story. She is a big fan of Mickey Mouse and

she has picked this book several times recently. It is a fun Lift-the-Flap book that is based on Mickey Mouse Clubhouse Episode of the same name. It is a hot day in the Clubhouse and the friends come up with the idea to bring some of Professor Von Drake's Icy Cold Easy-Freezy Snow that never melts. They have to go on an adventure to Mistletoe Mountain to get it on the Choo-Choo Express. Of course, Toodles is there to help along the way with any obstacles they encounter. Overall, it is a very fun Lift-the-Flap book and my daughter loves it. It is a cute story and the flaps are fun for my daughter to peek under. The book also comes with several activities along with the full story that makes it half activity book. You get some stickers with a dedicated sticker page. You also get a maze, a spot the differences page, a shadow match-up page a few other activities. A real value for a combination story/activity book. Highly Recommended for your Mickey Fan!

This was an x-mas gift for my 4 year old great-granddaughter. When my son was small, he loved trains and we had to go to several locations to find a train so he could watch it as it passed. Now he has passed the tradition on to his own grandbaby. She is crazy about trains & Mickey Mouse, and is in the early stages of learning to read, so we are delighted with the book, and she as well!

Bonus! Comes with Stickers! Nice little book. I have a two-year old and I think I'll wait a bit to give it to him. I can see this getting shredded pretty quick.

Comes with stickers and is interactive with folds and games in the back! My 2 year old toddler loves it!

My son loves trains and Mickey, so I bought this before our recent trip to Walt Disney World. He likes it and it included stickers, which he was excited about!

If you are a fan of the Mickey Mouse Clubhouse you and your child will like this one. It has flip pages and my daughter loves that.
