Synopsis

Learning to draw has never been so fun and easy! Now budding artists can dive under the sea to join Ariel, Sebastian, Flounder, and other favorite characters on a fun-filled artistic adventure thanks to Learn to Draw Disney®'s The Little Mermaid. With the simple-to-follow step-by-step instructions in this beautifully illustrated colorful book, young fans will enjoy learning how to draw Ariel and her friends from the time-cherished classic Disney animated film, The Little Mermaid. The book opens by introducing artists to a small selection of essential drawing tools and materials, as well as a range of options for adding color, such as crayons, markers, colored pencils, and paint. Next, artists are directed to warm-up with some quick and easy sketching exercises before moving on to the step-by-step drawing projects. Each drawing lesson begins with a basic shape, such as a circle or an oval; then each step builds upon the last and eventually progresses to a finished final color artwork. Additionally, each new drawing step is shown in blue for a helpful guide so young artists know exactly what to draw next. Along the way, professional Disney artists and illustrators share helpful tips and tricks for bringing each character to life so they look just like they appear on the big screen. With a range of fun and exciting characters in a variety of poses, Learn to Draw Disney®'s The Little Mermaid book will have young artists drawing their favorite characters in no time!

I received this book on my birthday as a way of expanding beyond my scope of realism and anime\manga style drawing. It shows the guidelines, details and proper utilization of features (which are indicated as sticky notes with the words YES and NO for correct and incorrect drawing respectively). It even points out the head-to-body ratio (how many "heads" tall). My biggest gripe however is that the older sisters of Ariel are mentioned in King Triton's intro blurb as his daughters, but no instructions are included, which leads you to assume that a blind-leading-blind assumption of copying partial instruction of Ariel and improvising the instructions to fit for the sisters. However, because of this omission of the six older sisters, I knocked off only 1 star as it did include other characters that would otherwise be forgotten, like Chef Louie, the ichthyicidal maniac chef (ichthyicidal = killer of fish) and every time I go out for sushi, I sing "Les Poissons" to its entirety. Overall, it should be helpful if you're not a fan of the 6 older sisters.

Just what she wanted!

We love the book. We have other learn to draw books, and this one is just as great as the others.

A great way to teach new artist the magic of Disney world.

Very nice book.
