Customer Reviews

IF YOU ARE AN ARTIST SEEKING TO LEARN SOME SIMPLE BASICS ON SKETCHING SHARKS AND SUCH, THIS IS A THIN BUT VERY USEFUL TOOL TO KEEP ON YOUR SHELF...ESPECIALLY FOR YOUR ARTISTIC CHILDREN WHO LOVE TO DRAW MORE THAN PLAY USELESS GAMES ON THE COMPUTER. I HAVE ALREADY SKETCHED SEVERAL SHARKS AND USED THE GENERAL FORMS TO SKETCH OTHERS IN DIFFERENT POSES. AND FOR THE PRICE AND SUPERB SERVICE I GET FROM THE BOOK-SELLERS...WORTH IT FOR SURE. BUY TWO, DONATE ONE. THE BOOK IS A GOOD BUY EVEN FOR AN ADULT ARTIST SEEKING TO IMPROVE THE DRAWING BASICS AND UNDERSTAND FISHY FORMS.

Got this book for my 9 year old and he loves it. He was able to quickly draw sharks really well. I highly recommend this book to anyone who want to learn to draw. The book offers many easy examples to follow.

This book is great if you are wanting to create an underwater scene with different types of sea life!
The step by step instructions make drawing fun & easy!

It helps me create underwater scenes using both digital and standard art techniques. The instructions are easy to follow and a great self teaching tool.

Both my kids love to draw. I bought this because my son is obsessed with sharks. This is a great "how to" book. Very impressed! I'd say for ages 8+

Bought it for my granddaughter who is interested in pursuing a degree in marine biology & is a gifted young artist. She was very pleased with the book.

An excellent reference, not only for drawing sea life, but for sculpting it also, totally worth it at a reasonable price, I love it

This book is okay, but it is just very simplistic. The only words in the entire book are the titles showing what the animals are.
