## Customer Reviews

I have bought two of these books. One for my 8 year old and one for my 9 year old. They both love them! I actually bought one and then my other child saw it and wanted it so I had to go back and order another one! It has math problems, spot the differences, word searches, etc. It really makes them think and it is all about Minecraft which they love! If your child is into Minecraft this is a fun way to get them thinking and using their brain. I highly recommend!

This was a gift for my nephew. His mom said he loved it. I can't speak to anything specific as it was shipped directly to them and I never saw it in person. I relied on their mother's report that it was a gift he liked.

Got this for my nephew and he loves it!

it looks great but it's much thinner than I thought. I wouldn't have spent \$10 if I knew how thin it was

Good activity book for little Minecraft fans. Some to difficult for a 6 yr. old but he can grow into it.

Lots of fun activities - puzzles, mazes, word scrambles, math problems. plus you can color the pages.

Was part of an Easter basket gift and my son (7 year old) loves it!

Minecraft fun for the kids when on screen-time break!
