This book is filled with great games for your child to either play individually or ones to include the whole family. It has a perfect place to keep the pen. It is a must have for road trips... short or long!!

I bought this book for a nostalgic road trip of 1000+ miles. The book had lots of fun games and activities.

Beware - the one we received from Hippo Books was nealy half used and there was no mention of this is advance!
