Froggy Rides A Bike

Synopsis

Froggy just got his very first bike, and it's exactly what he wanted. Almost. Finishing touches like a bell and a horn have to be added before Froggy is ready to ride. Then, surrounded by cheering friends, Froggy starts to pedal. Oops! He falls off. He tries again. Oops! Riding a bike is hard! After a long day, and a few bumps and bruises, Froggy finally learns to ride—and once he does, he can't wait to go again. Froggy Rides a Bike is a reassuring reminder that practice makes perfect—and it's sure to make kids eager to learn to ride on their own.

Book Information

Age Range: 3 - 5 years

Lexile Measure: AD560L (What's this?)

Series: Froggy

Paperback: 32 pages

Publisher: Puffin Books; Reprint edition (April 17, 2008)

Language: English

ISBN-10: 0142410675

ISBN-13: 978-0142410677

Product Dimensions: 8.9 x 0.1 x 7.1 inches

Shipping Weight: 3.2 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (23 customer reviews)

Customer Reviews

Froggy is a good character for my son to identify with. My son is almost 4 and thinks Froggy is the coolest. When I ask him what he wants for breakfast, he now wants "a bowl of flies" just like Froggy has. For him, it's Raisin Bran. I have now 6 Froggy books to our collection and a bunch more are available at our library so this author has definitely got an audience.

This is a story about a frog who learns to ride a bike. His father helps him and although he falls off the first time, Froggy gets back on and tries again. It has humor and cute illustrations. The Froggy series are one of my favorite collections.

We have gone to our local library and checked out a few books from this collection. It is becoming a family favorite, so we bought this one for our home library. Froggy is becoming another great bedtime story. Terrific illustration and well written story which engages young minds into a great world of imagination and adventures!

This is a cute book and a fun book to have for beginner readers -- as well as a fun book to read to those learning to ride a bike.

Santa brought my 4-year old several Froggy books this year and each one is a treat to read. In this book, Froggy learns to ride his bike without support, something my 4 year old will be doing this spring. The book came promptly and fully met my expectations.

This would be a good story if it didn't have the element of distrust in it. The father of little froggy keeps promising he will not let the bike go when he is teaching his son to ride. But that's exactly what he does. I'm afraid it's teaching my little grandson that you can't even trust what your father tells you.

That super fun frog, Froggy, gets a brand new bike! What a lucky boy he is. But, he has to be patient and learn how to ride it first. His Dad promises that he won't let go. Even Froggillina is there to watch him learn. Bike riding is certainly another great Froggy adventure that kids will love.

We got this book as part of a bigger gift (bicycle, helmet, bell) for our 5 year old son. This Froggy story is funny and silly (not sure if there is a lesson to learn, just pure silliness), which was a great way for us to encourage our son to learn to bike ride, considering he isn't as excited about biking.
