## Customer Reviews

I am a quilter and wanted a wall calendar for my sewing room to write daily notes. The price was better than wall calendars I saw at local stores. It has a small amount of space to write daily notes, and each month has a larger "notes" section. The quilt block pictures are fine, but nothing special. But as another reviewer noted, there are no patterns or any references to patterns on the calendar. If you are looking for a calendar with block patterns, there is a spiral bound 365 quilt blocks per year perpetual calendar available on . Each day you flip the page to find a new quilt block. It shows you the finished size of each block and the sizes and numbers of each piece required to make each block. Some familiarity with block construction is required. My husband bought that for me in 2001, and it is a great calendar.

She is very into quilting. Valencia is thrilled by it. I love the price. Now I can get another (brand) for her also.

excellent item....will make great gifts this holiday season

A book filled with inspiration!

I bought the wall calendar, but there's no information about where to find the patterns for each block. Is there a separate book I can purchase?

Got this as a gift for a close friend who is getting into quilting. It is an awesome calendar. There is a different quilt pattern on EVERY day's block. Great gift -- she loved it!!!
