Customer Reviews

I m so-o-o-o-o not happy with this calendar. I am not someone who complains and most of what I buy I compliment to the hilt. I could have bought a calendar in the dollar store for what I got. I bake and cook and was looking for a calendar that would have recipes so I can keep it in my kitchen and make different recipes each month if I chose to. Each recipe in the calendar does not math the picture so you cannot see what the recipe should look like. I know when you buy a book you may not have a recipe on each page but a calendar that has only 12 months I expected more. Very disappointed and will never buy it again. I wish I could have made you smile but you actually can now that you have the opportunity to buy a calendar that prints what it says it will.

Not a bad little calendar. The recipes aren't for me though.

The only calendar I could find of the exact dimensions to fit in particular space in my kitchen. Content okay but please never change the size.

Received this calendar very quickly and the pictures are great! Very colorful with great recipes. Will

look perfect in my kitchen.

Always great.
