My kids are crazy for Minecraft and after Sean Fay Wolfe came to my 11 year old son's school he was very interested in reading these books. My 11 year old son is not a big fan of reading. It's a

constant battle and since the schools have made reading a part of the grading rubric, it's a mandatory activity. This is the first book since my son was very little he has actually asked to buy and read from beginning to end in 3 days. In my son's words the book is about a mysterious figure entering the Minecraft game. There is a secret alliance that is taking energy off of other servers in the game. A group of people have to stop the secret alliance. I am pleased my son was enjoying reading and he met his accelerated reader goal! I purchased this book at full price. Each rating I give for each product I receive is always 100% honest and based solely on my own use (or family member's) and experiences with them. Based on my history of reviews you will see that I am not afraid to rate a product as "poor" based on a bad performance, bad quality, or even not performing as expected. Thank you!

I managed to complete the final installment of The Elementia Chronicles, Herobrine's Message and I am so glad I stick around to the end. Being a Minecraft-fan adventure, it strongly helps having played the game before to really understand and appreciate much of the characters, enemies, locations and items that are discussed in the book. Can you enjoy and follow along without having played? Yes of course, it just helps. It's almost like someone describing just how much they enjoy a strawberry but sharing everything but the color or shape. You know the strawberry's red color and triangular shape so when everything else is said you already have those visual stimulations in mind and there is no reason to have to add those. It's like that. Read the full review here: [...]

Hi I am Catherine Catterton. I am 13 years old and have read all your books. I have a few ideas to share with you. I was thinking about a new villain for a new book. The villain would be stuck in a mirror. The mirror breaks during the fight Stan and Lord Tenebris had. The villain escapes into a different server to hide to make sure he doesn't get trapped into the mirror again. He was in a group of players in knights skins and was banished because he tried to take over all servers with his powers. The villain is trying to take over the servers again and he's going to make sure no one gets in his way. G and Kat find each other and they got back together. The villain falls in love with Kat, G finds information about him and gets in contact with Sally. Hoping Sally can pass the message to Stan. It's up to Stan to find his old friends that were banished from the server, and work together to stop him and the ELM.

(Written by my son in 3rd grade) When I got started with Elementia I was so amazed by how much

creative stuff for Minecraft they added. The regular version of minecraft should be able to do the same things elementia does. When I was done with the saga of elementia I didn't know what to read because this was so good I was so sad to find out I was done. I hope he writes more books!

I enjoyed all of the Elementia Chronicles, but I enjoyed the 3rd book the most. It was sad at times when _____ died. I was happy also when Stan put two cities instead of just killing off the Noctem Alliance, peace is the answer, and Stan provided it. I love the books, and heard that Sean Fay Wolfe was going to make another book and another series. Everyone that liked the books, you guys and gals may get some more of the Sean Wolfe magic. One of the best books ever made! I cried at the end. It was so neat! Can't wait to hear if there is a 4th one or not. Me and my brother both love this series, and enjoy every minute of it. (Awesome plot twist!)

It is a fantastic book! It has a storyline that makes you feel like you're actually there. It is one of those rare books that you feel like you can change the story and run through different scenarios in your mind.

This was for my nephew. He liked the first book and he couldn't find this one in town anywhere so we had to buy it online. He's reading the 2nd one right now and hasn't gotten to this one yet.
