## Customer Reviews

Fun book for kids to learn how to make a movie with their iPhone, iPad, iPod touch, or other camera-equipped device. Great summer activity.

Perfect book for the beginner! It walks with you through the basic (but often overlooked) steps of making a film. Not a bad look-back for the more experienced filmmakers as well.

This was a gift for my movie making younger daughter. She loves this book and has actually read it

countless times.
