Customer Reviews

The pictures are clear and wonderful! I paid less than \$5 on . When's the last time you bought an amazing calendar for less than \$20?! I would like to mention the one thing that bothered me about the calendar is that the days are not blocks. It's a week stretch with no lines between the dates. And that is only because I bought this for a Kindergarten class calendar. If you're over 6 years old I wouldn't even consider this an issue. The only holidays I noticed it was missing were Arbor Day and Diwali.

Love this calendar and when the year is over to be able to use the photos that we all know from the movies to hang around my son's bedroom will be perfect. Big spaces to write special occasions on and the famous photos from STAR WARS that we love. Great purchase and fun to turn to new months for new photos.

My five year old son loves star wars. Me too. This would be better for myself than him. He loves the prequels. I like the classics. This looks like a calender I would have had back in the seventies. Yes I just dated myself. I like the grainy look of the photos. To me, very nostalgic.

I love anything Star Wars, I'm not gonna lie, as long as it is ORIGINAL trilogy! This calendar had all

my favorite characters. The only con I would say is no defined boxes for the days. But, I can see past that for a year!

This is the best Star Wars calendar I have ever seen, it's Perfect! No messy, haphazard, ugly collages; no distracting borders or ugly colors; no Prequel Trilogy stuff; just stills from the Classic Trilogy films. Clean, sharp, colorful, crisp images. This is what a Star Wars calendar SHOULD be! Finally they got it right! Pick up yours today, don't let this one get away!

We Star Wars fans/collectors are so used to multiple calendars coming out each year. Like how many do you need? One for the wall, one for the desk, you get the idea. This calendar is what they are supposed to look like; photos from the films. This one has photos/months with photos from the first three films, episodes 4, 5 & 6. They could have done all six films & have two photos from each film. That is the only complaint I have on this. A couple of other of the 2014 calendars had drawings which I thought were disappointing. This one is what they are supposed to look like. Get this one fans.

The pictures are great! Great quality! Mine got bent in the shipping but the product overall is great! I have a Star Wars kitchen so I buy a Star Wars calendar every year. This one is by far the best yet!

Since I don't have too many Star Wars posters in my room, this is the next best thing, with great detail on the enlarged photos from the original movies. Plus I love having a calendar that I can write on and use to keep track of my important assignments and events. It's cool and useful: a winning combination.
