## Customer Reviews

New year, new Gooseberry patch calendar for me. Every year I purchase this calendar. I love the cozy, crafty look of the artwork. I love the home-cooking seasonal recipes on every month. I don't get time to craft and cook as much as I'd like. But with this calendar, I feel more connected to these 2 passions even though I don't always get a chance to do it. For those who also buy this calendar every year (like me), the main difference I noticed is the focus of each month's artwork. For the last few years, each month's art shows close-ups of food/decor positioned on a table or in some other small setting. This 2016 calendar showcases the food/decor also, however, it also shows some background scene of a countryside or a kitchen, or other types of bigger picture landscape.

I love Gooseberry Patch calendars and have been ordering them for years. This new one is another good one, the only complaint being that the recipes aren't quite as inspiring as the ones on past calendars (my opinion). However, it is still a great kitchen calendar!

I absolutely LOVE the Gooseberry Patch calendars! The artwork is so inviting. Very colorful, plus the

scenery for each month this a great suggestion along with the complementary recipes. I've been a fan of JoAnn & Vickie for over 20+ years. I miss their catalogues that they had with all of the homey & memorable items from a country, or farm kitchen. The comfort foods & reminiscent of Gramma, Thanksgiving, Christmas, & The 4th of July. Very seasonal as a calendar should be, helpful with all the important days that all people traditionally look forward to. I've had a Gooseberry Patch Wall Calendar every year for a number of years, & I anticipate 2017.

I always have a calendar in my kitchen to keep up with appointments and birthdays, etc. This calendar is one of my favorites if you like country things or even if you don't. This will make my 5th year to get the Gooseberry Patch calendar. Thanks for the great recipes and fun calendar.

Always a good purchase and looks great in the kitchen! I just wished I had purchased it back last summer without the inflated price tag. However I agreed to pay it so that's on me for being late in the year to get this

Oh how I love Gooseberry! I've ordered their wall calendars for the last 5+ years. I just love how cute they are and each month has it's own yummy recipe. I look forward to my calendars every year. I think I will buy one every year they publish them.

Charming wonderfully executed illustrations with seasonal recipes make this a perfect addition to a kitchen or breakfast room.. However the glossy paper stock is of inferior quality. This artful calendar deserves better.

The artwork is very charming!
