My 7 yr old son absolutely LOVES this series! He could not put them down and I had to order the next one before he was done with the one he was reading so he would't miss a day :)

My son loves this series. I only wish the reading level was a bit higher, perhaps the author will write more books as the characters grow up.

I bought my 6 year old nephew this book and he had a hard time putting it down. He loved reading it

My daughter thought that this book was fun and awesome! She finished it fairly quickly! <u>Download to continue reading...</u>
