Customer Reviews

The story is great; I'm not pleased with the condition this was received in. There is evidence that it was purchased from somewhere else as there is sticker residue all over the top corner where a label was clearly removed. The bottom corners of the book are all banged up and bent already. This book was supposed to be a brand new copy. I'm disappointed.

One of my sons favorite books! Love the bright colors. He tries to read it himself at 16 months old. Really enjoy reading this book to him and seeing his reactions to the colorful sea animals

My daughter is 19m and loves all the books from this company. She was so excited when we got this book and wanted to read it over and over. She really liked the sad fish near the end.

Cute book for young readers. We have a whole stack of the my little world books and love them! :)

This one is no exception plus got it at an awesome price

Love the tiger tales books. Beware the cover (where the nested fish are) was slightly ripped upon arrival.

My 10 month old loves this. I've got it memorized at this point. I'm just glad it rhymes!

Real cute little book. My grandson loves it!
