Customer Reviews

I was looking for a Zombie calendar for my husband, and bought this one- thinking it would be like the one I got him last year, but it's actually all the same content as the 2013 edition. I give this 4 stars because it is an AWESOME calendar, and he loved his last year- but really do wish that it was new material for the new year. We will be giving this calendar away, to someone who didn't have last years version. My search for a desk calendar for him for 2014 continues.

Gave it as a present to a friend and so I randomly get text quote because he loves it so much!
