Customer Reviews

I got tired of trying to find these 2 year Pocket Planners in the stores and I knew I would come through for me. And when I found Maxine, I knew I couldn't go wrong. I carry one in my purse so I can check dates when I'm at the doctors office so I don't make double appointments. I also have one on my table to check dates and appointments. I know it's like double the trouble but it works for me.

My second Maxine calendar. Love the elastic band.

What's not to like about anything Maxine? Nice protective plastic cover and laid out perfectly to view your full month of activities with to do space along the sides. Great that it holds 2 years, big enough to read yet perfect size for purse.

love this planner. Its my lifeline. Large enough blocks to fill in my daily plans. I love seeing a month at a time.

I finally bought a small purse calendar to have in my bag. I use it for work detail and events I need to plan not to work for. I was using 2 sometimes 3 calendars and even though its a small one, I have

only counted on this one and its been great. The colors are bright. Maxine is funny and people laugh at the phrases. I has lines which i like to help me keep organized. I also like the portion available for side notes. For the price, these would also make great gifts for friends, co-workers or a family member. A good purchase for anyone who enjoys humor and needs to stay organized.

The planner is exactly as described, and easily fits into my purse when I need to write things down on the go. The spaces given for each day are lined and are pretty big, especially for a 2-year planner. Definitely glad I bought this! It has some funny sayings as well, which is the main reason I chose this particular pocket planner over some others. The stretchy elastic band (purple in picture) is also very useful in keeping the entire planner closed and contained and slim- it really comes in handy and makes a huge difference in the amount of space it takes up wherever you decide to keep it.

This humorous datebook arrived promptly! It's lightweight enough to put in your purse but big enough to jot down appointments. I can't wait to use it for all my doctor's appointments. Plus the plastic sleeve cover makes a great receipt holder.

This is a nice planner. It's large enough to write your appointments on each day but yet small enough to carry with you without taking up a lot of space. Plenty of pages to keep notes and personal information. I'd recommend this to anyone who likes Maxine! :)
