Customer Reviews

Very highly recommended for players ages 8 and older, the "Wizard Junior Card Game" will provide hours and hours of good clean fun based on the popular Wizard Card Game for adults. Young players will acquire basic card game skills with fewer cards and colors instead of suits. Each round uses more cards as the excitement builds. Each player must try to predict the exact number of tricks necessary for them to win in each round, making bids and winning points for each trick. But too many or too few tricks and they could lose points! Complete in and of itself, the "Wizard Junior Card Game" includes 40 cards with 2 Wizards and 2 jesters (32 cards in four different colors and 4 quick rules cards); a custom score pad; instructions; and 20 bidding sheets.

Wizard is the best card game on the planet! Wizard Junior allowed our grandkids to enjoy Wizard. They only ever have to have 8 cards in their hand at a time. This is manageable for a kindergardener! We had a blast.

The cards are bright and colorful, and the game looks fun but I did note that most other reviews already knew how to play Wizards before purchasing the junior version. I bought these to play with my son on a trip, and while trying to learn anything with the distraction of other children around is difficult I found it very hard to figure out from the instructions alone. Sooner or later I will dig it out again and I am sure I can figure it out but my advice is if you don't already know how to play, learn before you present it to children. If you already know then the set is very nice quality and the pictures are cute. It looks like fun for a day I have more patience. I confess my husband says

Great game for younger children, same idea as adult Wizard on the cards only go to 8 and there are only 2 each wizard and jester. Very timely mailing

Fun game to play with my grandchildren!

The kids love this game.
