Customer Reviews

"Hidden Pictures" fanatics will delight in this four-volume collection for 2009. This is what it says in the product details. I love the book, it practically sells itself. I was just a little bummed because I thought it was a 4 volume buy. Highlights.com sells the 2011 4 volume edition for \$23 with shipping which is about the same thing. I would have just gone that route if I knew this buy was only going to be for one volume. =| I'm unable to leave seller feedback otherwise I would have done that instead of leaving this review and I'm not going to return the item since my daughter was so anxious to get her hands on it. I had already told her it was 4 books so she's gonna have to settle with one. =(
