Each page contains detailed maze drawings of ancient Egyptian artifacts, an adventure filled story-line and fascinating information about what we know of the Sphinx, the pyramids, hieroglyphs, life in ancient Egypt, their scientific knowledge, and their guiding beliefs of myths and magic. Once solved, each tear-out page can be colored and displayed. MummyMaze is an astonishing achievement from a talented artist. It is a treasure-trove of knowledge just waiting to be discovered and enjoyed by smart kids of all ages. A great way to keep kids occupied for many hours and is also wonderful for classroom projects, home-study and post-museum visits! This book makes learning fun. The author has taken Egyptian history and made it easy for children to absorb and understand while playing games! Ms. Carpenter has drawn beautiful pictures of mummies, pyramids and tomb treasures that are fascinating to behold and has made these pictures into mazes, which children will spend hours joyfully solving. It is great for use in the classroom and at home. Children in my family love it and so will yours.

This book is a treasure in itself. The mazes are challenging and fun to complete. Going thru the book with my daughter, we both enjoyed the challenge, and learning more about Egypt together. Buy one! You will be glad you did!
