## Customer Reviews

i am an adult but i like kidz bop. the book is written for kids interested in becoming pop stars. it's nice that they emphasize hard work and long hours. and that they go into how to become a good leader, leading by example, how to work through issues or disagreements. very encouraging, motivational, and also emphasizes that not everyone is meant to be a pop star, if you aren't willing to work hard then don't expect to make it.

My godson loves to pretend he's a rockstar and enjoyed this very much!
