Customer Reviews

This collection features eight 5-minute stories that will have your children giggling while they learn important life lessons. The accompanying illustrations are colorful and very humorous! The book as a whole is filled with lessons on sharing, teasing, bullying, standing up for yourself, listening, working as a team, taking turns, and feeling good about yourself. We are taught these lessons in a humorous way through lovable heroes and heroines, plump and fluffy and bedraggled and sweet. As an added bonus, and a great treat for the value, this book includes a downloadable audio! Read more at www.diapers-and-daydreams.com

I didn't not purchase this through BUT it's so well worth it. My daughter loves the book. She gets into all the stories and most time I have to read her multiple stories before she is satisfied.

I don't think this author/illustrator could create something we wouldn't love! The stories are so meaningful and relevant and just speak to us.

Great book!

Kids just don't like these stories... they don't have a lot of humor or interesting enough topics to keep their attention. Not really so funny....
