Jeep Off-Road 2015: 16-Month Calendar September 2014 Through December 2015

Synopsis

When you think "off-road," only one brand of vehicle comes to mind: Jeep. For the Jeep Off-Road 2015 calendar, Ken Brubaker photographed Jeep vehicles in their element: ripping across the Utah desert, mudding in Texas, and descending the Colorado Rockies, among other locations. Each month, enjoy the technical specifications and stunning photography of both original and heavily modified Jeep vehicles. No matter what, Jeep Off-Road 2015 is sure to bring Jeep to a newly accessible off-road location to your wall.

Customer Reviews

I am a HUGE Jeep fan and was so impressed with the cover photo on this calendar that I immediately purchased one; unfortunately, the rest of the calendar turned out to be not near as good. First of all, the first four months (last part of CY2014) are on a single page, which I felt cheated. More importantly, the rest of the photos used are not near as good as the one on the front cover, so I probably won't even use the calendar. If you want a Jeep calendar, you would be far better off creating your own, by retrieving Jeep photos available on the Web, and then visiting a store like Walgreens to print off a professional looking calendar using the photos you provide.

I'm not impressed. I've never purchased a 16-month calendar, so I was surprised when the 4 months in 2014 were all on one page. The cover picture is great, but that image is leaps and bounds better than any other picture inside. And I'll have to have this replaced by January 2015, because that picture is too blurry to look at.

Bought this as a birthday present for a friend of mine at work. He's a Jeep nut nut and really enjoys the Ken Brubaker calendars I get him each year for his birthday.

I did not like the newer style jeeps, but it's a good calender.

Wish it were more colored wranglers or action shots but nice!

buy one every year. great calender!
