Customer Reviews

I bought this for my daughter because her piano teacher uses it. She is now playing all the songs, with chords on the left hand, and really enjoys playing "real music". Songs are all well known, and fun to play and to sing.

Great book for kids to learn Bible songs! We just had our VBS at our church and this book was great! I would recommend this to anyone! It did take 4-5 days to get to me bc it came from WA and you dont know that until you place order! (I'm in AL)

Bought this because this is all my mom would play in the car when I was younger. Brought back great memories. Currently looking for the cassette that goes with it so I can play it for my son

I had this as a child and now as a mother wanted to find one for my children. It's great that it comes with a CD, and it was in perfect condition and arrived very promptly.

Perfect for your singing groups. Use it at church for Jr. Choir. Would love to be able to find more of them for all the kids to have one.

This book is fantastic. So glad chords were available. Would recommend to others learning to play an instrument. 5 hands up!!!

Exactly as described. Just like I remember it from when I was little. My daughter loves it

Love the songs in this book, however, The book had two pages missing, I am disappointed.
