Customer Reviews

I am a teacher and when I do my ancient Egypt lesson I use these masks to spark student interest and to decorate the room. The masks are easier to make than the villages or castles in this same series. The pieces are bigger. I found an xacto knife and tacky glue work the best!

The masks are complicated though and I did make a mistake but it was well worth it since my son wanted to be Anubis for Halloween. They are totally wearable and durable. Well, as durable as card stock can be. I only gave it 4 stars though because although the Anubis mask and the Tut mask were great, the rest seemed a little simplistic.

I used this book to make the mask for my 6 year old who told me he wanted to be Anubis for Halloween after having learned about Egyptian Gods. This book was exactly what I needed. The

masks involve a lot of detailed work and are not something for young children to work on, but the end product was well worth the time, and the other masks in the book were great as teaching tools for other Egyptian gods.
