Hand-Drawn Mandalas Coloring Book, Volume One: An Adult Coloring Book For Stress-Relief, Relaxation, Meditation And Creativity (Jenean Morrison Adult Coloring Books)

Synopsis

Calming, creative and complex, Jenean Morrison's Hand-Drawn Mandalas Coloring Books are a fantastic way to destress, decompress, or just make some beautiful images. Each of the 30 mandala designs was hand-drawn by Jenean and features an organic quality in both shape and line weights. This series contains images printed on the fronts of pages only (so you don't need to worry about bleed-through if you choose to use markers) and comes in a square 8.5" x 8.5" format. The spaces within these designs are a bit larger than in Jenean's other books so you can use your creativity to fill them up with solids, dots and your own colorful designs! As always, Jenean hopes you enjoy coloring this book as much as she enjoyed creating the designs!

I love her coloring books and was excited to see the new mandalas. This book is smaller than a regular coloring book, it fits in my purse so I can color while I'm in a waiting room or getting coffee. I love that she only prints one design per page! I've been filling in some of the sections with lines and dots and I love how it's looking!

These are enjoyable for stress-relieving coloring. The patterns are beautiful, but not really easy to color. sometime I find it difficult to figure out how to color it to bring out a particular pattern.

No two finished mandalas will be the same! Love this contribution of mandalas from Jenean Morrison's collection of unique mandalas. They are simple yet invite us to choose our own color choices making them altogether more uniquely ours. There are flowers, lots of circles, wavy interconnecting designs that bring out all kinds of possibilities for further embellishment. To my eye there is a slightly retro look to her work. I enjoy working her designs very much. The particulars colorists are looking for:~ 30 mandala designs, no repeats from other volumes~ pages are single sided printed~ some bleed through is to be expected with most alcohol or gel markers~ High quality printing resolution.~ some highly detailed~ some give room for adding your own embellishments~ most of the mandalas are about 7" across centered on the page~ the book is 8-1/2"x8-1/2" in size~ designs do not have a frame border~ a few pages have a smaller mandala repeated~ these are not computer generated, yet are precisely hand drawn - that takes lots of skill!~ this is a bound book, pages are not perforated for removal. Lucky us, the creative possibilities of color and medium choices is endless. I find working with mandalas to be very meditative, relaxing and satisfying as the colors pop and the design begins to emerge according to my color choices and placement.

Great quality pictures to color for fun and relaxation. Take your mind off of the stresses of everyday life and explore your creative side. Single page printing means not having to choose one picture over another to color.

Amazing coloring books. I have a decent collection of adult coloring books and Jenean Morrison continues to be miles above the rest.

If you like Jenean's other books, you will love this as well! A smaller sized book, with hand drawn mandalas that one single sided pages. Perfect for all skill levels of colorists, and all ages as well!
