Story-gami Kit: Create Origami Using Folding Stories [Origami Kit With Book, DVD, 80 Papers, 18 Projects]

Synopsis

Act out cute stories while you fold origami projects with this unique and easy origami kit. The joy in folding origami is often found in the deceptively simple magic of transforming a single piece of paper into a recognizable object. All too often, the steps it takes to transform paper into origami designs can be frustrating. Story-gami Kit is an innovative new paper craft kit from world renowned origami artists, Michael G. LaFosse and Richard L. Alexander who have created entire storylines around characters Righty and Lefty and their adventures climbing mountains, going on boat rides, and hanging out with bunnies. Each story's end results in a finished piece of origami, like an elegant butterfly, a jumping frog or a flapping bird and allowing anyone to discover the magic in creating something beautiful out of a simple piece of paper. Through the mnemonic of storytelling, LaFosse and Alexander make origami paper folding easy for those with any level of skill and a whole lot of fun. The unique method of storytelling makes this a great origami-for-kids kit and an excellent way to learn origami. This origami kit includes: Full color, 80-page origami book Clear step-by-step instruction and diagrams 18 fun origami projects A 90 minute instructional DVD 80 sheets of durable origami folding papers A variety of different colors Story-gami Kit is unlike any other origami kit. Children will love acting out the stories in the book as they fold their new origami creations! Origami projects include: Penguin Tulip Plant With Blossom Tabletop Racing Duck Fortune Cookie Box Kanji The Dog And many more |

I love this kit: in a big box, you have a 80 pages booklet, a 90 minutes DVD and sheets. You have traditional designs like: penguin, sailboat, tabletop racing duck, balloon, bunny rabbit. Or designs from traditional design elements or variation: tulip plant with blossom, fortune cookies box. But also designs by Florence Temko (heart); Michael G. LaFosse (owl bookmark, bookmark/stacked over logan, Freddie the jumping astrofrog, art deco wing, fox mask, scary skull); Samuel Randlett (Randlett's flapping bird); Akira Yoshizawa (Yoshizawa's swallowtail butterfly); Richard L. Alexander (fiesta box, Kanji the dog). One with a rhythming story-gami by Richard L. Alexander: art deco wing. Many of the story-gamis are written by Michael G. LaFosse. Tabletop racing duck, balloon, bunny rabbit, Yoshizawa's swallowtail butterfly, scary skull and owl bookmark are written also by Richard L. Alexander. Freddie the jumping astrofrog, fiesta box, Kanji the dog and fox mask are written only by Richard L. Alexander. I love the stories. The sheets aren't true squares and if you want to use them with another designs, it will be difficult because the sheets aren't enough thin.

Love this idea! I've already read most of the stories and cannot wait to start sharing with children. I ordered the Kindle version but I couldn't figure out how to download the video. So I bought a hard copy .

I purchased this to help me teach preschoolers to fold origami - an age that is generally too young to follow the usual directions on how to fold origami. By telling the story with it, the children stay engaged and are able to create an origami sculpture with very little assistance. Love, love, love it!

Purchased this to use as a filler for our art camp. The kids loved it. It has easy to read and understand instructions with great illustrations and photos. Various projects range for the young child to those who are older.

Michael LaFosse is a fabulous teacher who makes origami fun and successful for all learners. His Story gami stories engage the children while they fold and help them achieve a real sense of satisfaction with their finished projects. I have been very lucky to have Michael teach in my classroom for the last nine years and seen Story gami enchant and engage every student.
