Monster Jam: The Amazing Guide

Synopsis

Churning the dirt on massive tires and rattling the air with gigantic engines, monster trucks are the BIGGEST, BADDEST, LOUDEST machines in motor sports! Read the inside story of the top trucks and drivers from Monster Jam events. Discover what it takes to design and build a vehicle as big as an elephant. Learn what it feels like to drive a high-flying, car-crushing monster truck!

Grade Level: 4 and up

Customer Reviews

I have been reading this book with my son, age 4, for a week. The book is not too long and it has really great photos in it. There are plenty of small snippets of information for reading so you can read a little on each page out loud without having to read it all. We checked it out from the library and I can't believe it is here in hardcover for five bucks. Truly worth the money.

I really liked this book. It told me all I really needed to know about Monster Jam and the Monster Trucks that raced in the rally's. The pictures really had action like the real thing. And you can trust me I've been in six of these events straight. It has eleven interviews of the Monster Trucks. It's like you are behind the wheel and you know exactly what your doing. From the kill switch to the gears you learn everything. The trucks 1,500 horsepower engines.

This book is the best book I have ever seen on monster trucks. The pictures are amazing, the other content is really good as well, and the book is just over all great. My son LOVES this book.

This book is great for my 4 yr old who is heavily into Monster Trucks. The pictures inside are nice and the book is perfect with it being hardcover (hard to crease and mess up). I recommend if looking for book for your boys collection!!
