Customer Reviews

Like all the Franklin books, I found "Franklin is Messy" a delight to read with my young son. The pictures are lively and the story is one many children can relate to in their own lives. Another important feature is the use of cardboard swords as opposed to toy guns, which Franklin and his friends played with. The swords were used against imaginary dragons and not against each other. I would like to thank the authors for that. Children will play these sorts of games, but in this case the friends aren't directing any violence towards each other.

The first time I read this book to my son, almost 5 years old, he quietly sat and thought about it for a while afterwards. It actually motivated him to clean up and keep up (well, for a while at least!) his room. It gives a child great motivation to clean up by showing what treasures they might have lost that might turn up. My almost three year old daughter carries it around with her all the time. A wonderful, sweet and funny book!

My 4yo toddler is absolutely in love with the Franklin books. They are beautifully illustrated and they are the perfect length for a bedtime reading. You can stop and discuss these stories with the young kid and relate them to real life behavior and they are a great teaching tool. I can always use Franklin and this story as an example when trying to convince him to keep his play area tidy..

We have read this over and over! My son loves Franklin and we have been able to use this book to help him understand the importance of taking care of his room.

Franklin is every young child's friend. They can instantly connect with the young turtle's sense of adventure and enjoy watching him work through familiar problems and solve them in his own way. All of them have been authored by Paulette Bourgeois and illustrated by Brenda Clark. They obviously made a wonderful team, since they have sold over 60 millions copies in over 30 languages. The stories are engaging and the pictures delightful. I love these books!!!

My 2 year old daughter is a big fan of Franklin, plus she likes for everything to be neat and tidy. Therefore, this book is perfect for her. She loves it when Franklin breaks his sword (because of the messy room) and has to tidy up and make a new one. End the end he earns the title of Franklin the Brave and Neat. She can really relate to the story and loves reading it over and over.

My step son is 5 and he's starting to learn how to read...I'll read to him and he'll re-read what I just read. It's helping him learn words. The story is great and easy to follow!

Little lessons learned thru reading this little classic tale! Franklin will be a favorite at your home and your child will want to hear all about Franklin's messes.
