The Greatest Dot-to-Dot Adventure Book 2

Synopsis

The Greatest Dot-to-Dot Adventure, (the 18th book in the Greatest Dot-to-Dot series) by David Kalvitis, carries on his tradition of skillfully utilizing dots to create the most amazingly complex and artistic dot-to-dot puzzles to ever hit the market. The Greatest Dot-to-Dot Adventure - Book 2 is the second in the series of revolutionary Dot-to-Dot puzzle books created by David Kalvitis. Book 2 weaves all of the varied challenges and puzzle styles of its predecessors with a multi-layered mystery that includes new styles, hidden clues, an intriguing story line and impressive three and four page landscape spreads. The adventure continues following an imaginative young boy searching for the missing pieces of a mysterious gift. Together, visitors will navigate challenging puzzles and unearth secret clues to discover new species of dots and spectacular views. Each dot-to-dot puzzle is meticulously drawn and constructed by hand on the computer. Gone are the images you can see with a glance, each illustration is intricately drawn and artistic. One can even challenge themselves by scaling the 'Everest of Connect-the-Dots', a breathtaking four page puzzle comprised of a staggering 2,100 dots. Join us on the Adventure, because Dot-to-Dots aren't just for kids anymore!

I love the David Kalvitis Dot to Dot books. I think his books are by far the best and clearest dot to dot books. I think I have gone through his entire collection and I cannot wait for him to come out with some new puzzle books. These are definitely NOT like the dot to dot's you did as a kid. These books are for adults and quite a few, if not most of the puzzles in the book have over 1,000 dots. I've received quite a few other Dot to Dot puzzle books by other publishers but I've never found any

of the books to be as much fun. The other puzzle books are more work than fun. It's very difficult to see the numbers in some of the books because they are printed so small and they are very light. Some of the books have readable numbers but they have the numbers so close together that it's impossible to know which dot goes with which number. The majority of David Kalvitis puzzle books include some different types of dot to dot puzzles throughout the book just to make it more interesting.

Have not started this one yet, I am working on book 1. These are fun, there are clues on each page to help you find the adventure. I really enjoy dot-to-dot puzzles. They are challenging, though so if you want to just breeze through the puzzles, chose another book.

I like a big variety of dot to dot puzzles that is challenging and fun to do. Good for my aging brain. I hope to see more volumes of this type of puzzle books in the future. I am just about done with this book. Thank you

If you have never tried one of these dot to dot books by Kalvitis you are missing out. Very addicting and entertaining for anyone who enjoys dot to dot book. I would recommend them all!

I like advanced dot to dot books but I wasn't impressed with the stopping and starting somewhere else on the page. Dot to dot should be continuous. Seemed like I had to keep looking all over the page for several dots. Dots crazy.

Really challenging and fun!

Best dot-to-dot puzzles out there. The author is creative and ingenious. Pictures are fun and pretty. I have bought all his stuff. Look forward to next book.

If you like to do puzzles with lots of dots, this is a good one. Several two-page with over 1000 dots each. Good pictures.
