Customer Reviews

All of the books in this series have wonderful examples of famous artworks by the artist as well as concise but informative texts in which the artist is introduced. a great learning tool for home or school use.

My son is 8 years old and had to do a book report over the summer on Diego Rivera. This book was recommended by his teacher and I would highly recommend it as well. Super easy to read and follow and made it interesting enough for my son to enjoy. He was able to read this in a day!

You can't go wrong with these Art books! I use them all the time in my Art room...great way to introduce the "sometimes" boring topic of Art history.

i remember my art teacher having these in her room when i was in elementary school and I loved them then as much as I do now!
