This will be a wonderful addition to our Native American Study unit. Can't wait to incorporate it this Fall at Thanksgiving, The Inuit for Arctic, and in the Summer Enrichment Program for The Wild West unit

It came exactly as advertised. Definitely worth the price. I buy lots of these coloring books for my future classroom and Dover is a great brand. The lines are all connected and bold and a lot of the pictures have an explanation on the bottom of the page. (I have posted this same review for all of the coloring books I've gotten that were exactly what I was looking for!)

The students in my middle school History class used this book to help them build their dioramas. Each student chose a different tribe to research and write about; the drawing in this book helped

them in recreating the homes of these tribes. This is a good book for anyone studying the dwelling of Native Americans.

the coloring book was fine. It was informative and the kids liked that and liked coloring. This was a good tool to teach kids about Native Americans.

Well illustrated book which looks incredible once pictures are completed. It is also well researched with plenty of informative and historical facts to accompany each illustration.

Great coloring book showing, and describing, the different building styles depending on where the tribes lived.

Nice pictures (a lot of shading). Interesting info. Will enjoy this book.

Good Resource. My students enjoyed this informative book. Thank You.
